

React native graphs with touch support

Rishabh Mehan

@darkrishabh

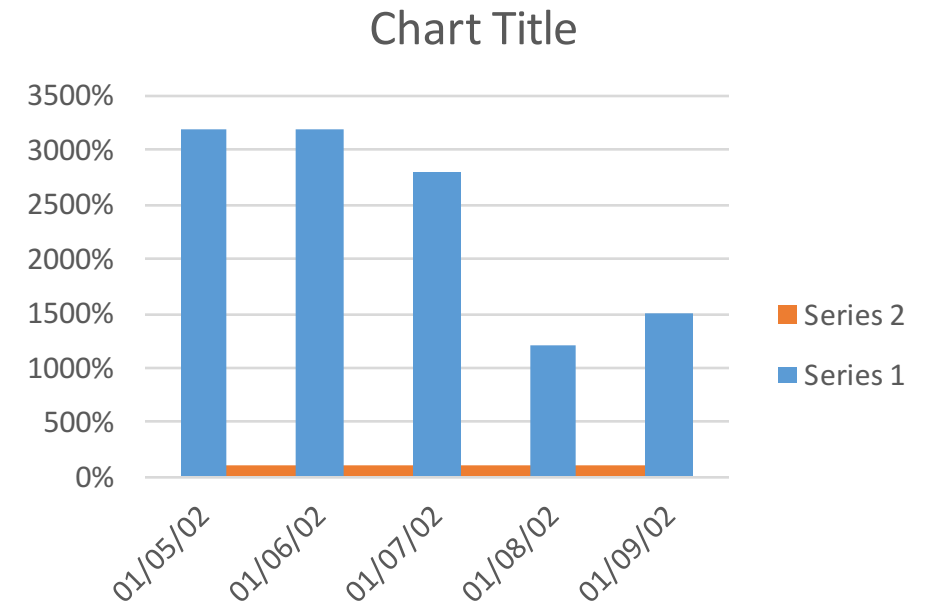

Options available

- React-native-charts
 - D3.js
 - Chartist

TODO=DIY

Pure JS implementation

- Flexibility
- Re-rendering only a particular element
- Make a graph of any shapes
- Requirement –
 - Need to know Mathematics

- React Native ART and SVG
- NPM Module – react-native-art-svg

```
<Svg
  height="100"
  width="100"
>
  <Polyline
    points="10,10 20,12 30,20 40,60 60,70 95,90"
    fill="none"
    stroke="black"
    strokeWidth="3"
  />
</Svg>
```
